Wednesday, 18 March 2020

Dear Parent/Guardian(s),

This week the children have been introduced to Google Classroom. This is a free and secure learning network for teachers, pupils and schools. It provides a safe way for us to connect, share content, access homework, participate in discussions and receive class information. This is going to be used for homework, classwork and in the event of a school closure this will be useful to provide the children with learning opportunities, even away from the classroom.

Using Google Classroom allows you and your child to have access to work set by teachers at any time through the Internet and is accessible online and through any mobile devices with Internet capabilities—including iPhone, iPad and Android devices. Additionally, the use of Classroom will help keep pupils and parents informed of school news and you can communicate with teachers during normal school hours.

Accessing the classroom:

The website can be found at: <https://classroom.google.com>

Each child has their own google log in that usually starts with their first name (all in lowercase) e.g katie@oldhuttonschool.org

Some may have a temporary password: oldhutton20

They will be prompted to create a new password upon first log in. If your child forgets their log in or cannot access their account, then please contact school via email.

Please feel free to contact me if you have any questions or concerns at kbrown@oldhutton.cumbria.sch.uk

Thank you,

Miss Brown
